MEMORANDUM FOR: Chief, Counterintelligence Staff, DO  
FROM: Director of Central Intelligence  
SUBJECT: Joseph Kraft's Article in The Washington Post,  
5 December 1985

Joe Kraft's column in this morning's Post draws my attention to the fact that President Reagan said in his radio broadcast of 30 November that the United States had apprehended 34 spies against only 13 in the Carter years.
